DETAILED ACTION

Response to Arguments

1. Applicant's argument, see page 10, filed February 28, 2006, with respect to claim 22 has been fully considered and are persuasive. The rejection of claim 22 has been withdrawn.

Drawings

2. The drawings were received on February 28, 2006. These drawings are acceptable.

Claim Rejections - 35 USC § 112

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

4. Claims 1-22 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 1-22 are directly related to a digital broadcasting receiver, which is an apparatus or device. However, each of the independent claims 1 and 21-22 recites the digital broadcasting receiver comprising "an error correcting function for a demodulated digital signal". Clearly, the error correcting function is not a piece of element used in an apparatus or device within the digital broadcasting receiver. Further, the error

correcting function also lacks connection or cooperation with other elements recited in the digital broadcasting receiver of claims 1 and 21-22.

Allowable Subject Matter

5. Claims 1-22 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Conclusion

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
